INFO AVIACION®

The authentic business event for Mexican civil aviation

AeroExpo, the International Aviation Trade Show & Convention, created stands out as the most important civil aviation event in Latin America by effectively sustaining and encouraging the aeronautical business environment in this region.

AeroExpo is here to help you build new and productive business relations, to strengthen your corporate image and to promote products and services exchange at the best cost/benefit among our exhibitors list as well as quality professional visitors.

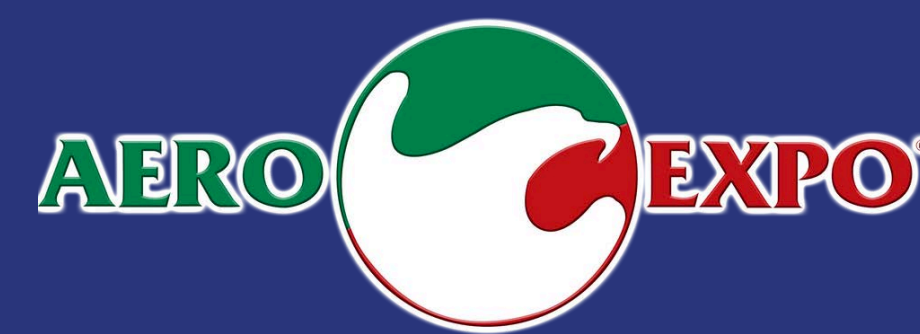

AeroExpo takes place in Toluca, Latin America's core in corporate aviation, holding the largest fleet and the largest number of executive aviation professionals in the Spanish-speaking world.

AeroExpo is designed by aviation businessmen for aviation businessmen and has over 25 years of experience and tradition.
